Questionnaire to estimate the level (%) of the Safety of Users of Electricity in Dwellings in Countries

The Electrical Safety Barometer consists of 13 essential criteria. Each of these criteria has a weighting factor to enable the calculation of a general score for each country. Both FISUEL and world experts endorse these criteria and the weighting factors. With the assistance of local experts, we are applying the barometer in an increasing number of countries.

Explanation of the **13 major criteria** go to -->

<https://www.safetybarometer.org/criteria/>

Enter a number of the following criteria (1, 2, 3 or 4) in the yellow cells "column criteria"

- 4 = Fulfilled Criteria** : existing criteria in your country (score 100%)
- 3 = Partially fulfilled Criteria** : part of the criteria existing in your country (score 50%)
- 2 = Not met Criteria** : criteria known but unapplied (score 10%)
- 1 = Unknown Criteria** : criteria inexistent (score 0%)

Number of criteria	4 - Fulfilled	3 - Partially	2 - Unapplied	1 - Unknown		Level of Electrical Safety in Dwellings
	12	1	0	0		95%

Criteria	Question	Weight	Criteria	Score
Standards & rules	Are standards and rules in place?	10	4	10%
Comments : Yes				
Initial verification	Is an initial inspection required?	10	4	10%
Comments : Yes				
Periodic inspection	Is a periodic inspection required?	7,5	4	8%
Comments : Yes				
Inspection report	Must there be proof of the inspection by the delivery of an inspection report?	5	4	5%
Comments : Yes				
Inspection for existing installations	Is there a mechanism for inspection of existing installations?	10	4	10%
Comments : Yes				
Inspector	Must the person carrying out the inspection be a qualified inspector?	7,5	4	8%
comments : Yes ,with serfication				
Electrical contractor or installer	Must the electrical contractor or installer be a qualified person?	5	4	5%
Comments : Yes , with serfication				
Role of utilities	Does the electric utility only connect the installation after having received a positive inspection report?	10	3	5%
Comments : Yes and other step				
Consumer education	Are consumers educated on the dangers of electricity?	5	4	5%
comments : Standard Nasional Indonesia				
Regulation	Is regulation in place that imposes standards for electrical installations and initial verification?	5	4	5%
Comments : Consumer Dispute Resolution including the National Standardization and General Electrical Installation Regulations				
Labelling and certification	Are products in the market adequately labeled for electrical safety, and is this labeling system understood?	5	4	5%
Comments : Yes, SNI Label				
Role of manufacturers	Do manufacturers actively engage for electrical safety in the marketplace?	5	4	5%
Comments : By advertising and involving other institutions to convey it to the public				
Market surveillance	Is there adequate action on market surveillance from the authorities?	15	4	15%
Comments : Minister of Trade and Ministry of Human Resources and National Consumer Protection Agency and Community and Community Consumer Protection Institutions such as ALPERKLINAS
